

# CHALLENGE: GETTING RID OF 365 THINGS IN 2018

---

The rules are following:

1. For every item I declutter I will put an X on a square or I will colour the square, whichever method I prefer more.
2. If I have a bigger amount of certain item, i.e. stack of magazines, I count it as one item, therefore just one X in one square.
3. In case more members of the household wish to participate, they either add onto my chart or they can download their own one.
4. It doesn't matter if I get rid of one item each day or seven items each week. It's important to begin and keep going.

1									10				
					20								
	30										40		
							50						
			60										70
									80				
					90								
	100										110		
							120						
			130										140
									150				
					160								
	170										180		
							190						
			200										210
									220				
					230								

	240									250		
						260						
		270										280
								290				
				300								
	310									320		
						330						
		340										350
								360				

**365 - CHALLENGE COMPLETED - WELL DONE**
